

# The NCETM and Maths Hubs

Working in partnership

## NCETM

The essential, free source of support for all teachers of maths, and those who lead the professional development of teachers, in every school and college phase, and at every point of their career.

### What do we do?

- News and features
- Videos and podcasts
- Monthly Primary and Secondary Round-ups
- Wide range of resources – all consistent with mastery
- Twitter and Facebook
- Working closely with Maths Hubs

## MATHS HUBS

Helping schools and colleges lead improvement in mathematics education.

A national network of 40 hubs, each bringing together teachers, schools and other bodies to work together for the benefit of all.

Each Maths Hub, led by an outstanding school or college, develops a team of local leaders of maths education (LLMEs) to lead work in:

- Teaching for mastery
- Early Years
- GCSE and A level
- Core Maths
- GCSE resit

NATIONAL CENTRE FOR EXCELLENCE  
IN THE TEACHING OF MATHEMATICS

# How the partnership works

**85,000**

active monthly users  
of the NCETM website

**150,000+**

Curriculum  
Prioritisation  
Resource

**downloads**

**3,000+**

secondary schools

**14,000+**

primary schools

in England who are working with  
or have worked with Maths Hubs

used in all Maths Hubs  
professional development  
for primary schools

**15,000+**  
Checkpoints  
downloads

A key resource for  
all KS3 CPD led by  
Maths Hubs

After eight years...

**2 in 3**  
schools in  
England

have been involved with the work  
of Maths Hubs and the NCETM

How this looks...

**1,100+**

Primary Mastery  
Specialists

**700+**

Secondary Mastery  
Specialists

**2,000+**

local leaders of mathematics  
education working across the  
Maths Hubs Network
